

Voicemail

Basic Voice Mail:

Call answering, date/time stamps on all calls, personal greeting, stores up to 20 messages for up to 14 days, 60-second message length, 45-second greeting, takes a message when you're on the phone or on-line, express messaging, private pass code or auto log-in, and English or Spanish prompts **\$3.50/month**

Enhanced Voice Mail:

Includes all features of basic voicemail, plus saves 30 messages for up to 30 days, 3-minute message length, 90-second greeting, includes multiple greetings, reply, and forwarding. **\$4.50/month**

Add-on Features For Voice Mail –

Sub-Mailboxes: Mailboxes may be added to Basic or Enhanced Voice Mail for other members of your family **\$1.00/month**

Message Notification: This feature is used to notify you of your messages when you are away from your phone. This notification can come to you through your pager, cellular phone, or e-mail. Access to the ManageMyPhone.com internet site comes with this feature. **\$2.00/month**

E-mail Notification: Listen to voice mail messages in your e-mail inbox. E-mail Notification forwards your voice mail message so you can listen to them right on your computer! **\$1.00/month**
